

QUALITY POLICY

It is our first responsibility to provide our customers, patients, doctors, nurses, families, with the outmost standing quality of products. Innovative thinking, partnership and caring is central to the work we do and products we bring to our customers. We believe is it our responsibility to help physicians bring their patients "Back to Life".

Management of Alvimedica Group of Companies and all of its employees worldwide are committed to establishing and maintaining quality products with safety, reliability and efficiency through continually improving the effectiveness of our quality management system. We diligently set our quality objectives to the highest industry standards and comply with all applicable requirements.

- We strive to meet the expectations and earn the trust of those we serve.
- We lead agile scientific and technological studies that hold the potential for significant improvement in the health field.
- We focus on empowering and enhancing performance and resources to enrich the work we do.
- We seek to collaborate with partners, suppliers, doctors to implement our goals and policies.
- We sustain successful business practices.

This is the promise we make to our customers and ourselves to uphold to the highest quality and delivery excellence.
